

Oak Room School Readiness Program

Dear Parents,

As you may know we have started our School Readiness Program.

This program meets the requirements of the NSW Board of Studies and the Outcomes from Early Stage 1 and reflects the latest trends in early Literacy and Numeracy teaching in NSW schools.

We shall be using "Ants in the Apple" and "Letterland" and "Reading Eggs" in order to identify the alphabet letters and their sounds. I have included all of the children in the Oak Room in this activity during our whole group time as well as using name cards in our transitions in order for all of the children to be able to identify their names.

For the children going to school next year, we shall be completing literacy and numeracy works sheets as well as enjoying hands on activities and games. Learning should be fun right?

Each child in this program will paste their worksheets into a School Readiness Book to take home at the end of each term.

If there is anything in particular that you would like me to work on with your child, or have any questions please let me know.

Cheers

Debbie

(Bachelor of Teaching 0-5yrs)
